you, because it is extremely well-written (by the very best in the field) and comprehensive.

Amazon.com: Introduction to Mathematical Statistics

I am currently a graduate student in Statistics at Miami University of Ohio. For my first and second mathematical statistics courses, we are using this text. This is a really great book. It is fairly short, and each section is on average only 2-3 pages, but those 2-3 pages are absolutely packed with good stuff.
