"Starred Review. In gorgeous prose, Jensen (Egg Dancing) paints a depressing but oddly hopeful portrait of a modern doomsday scenario." - Publishers Weekly "Any one of [the] plot strands could plausibly drive an arresting story. When Jensen folds them all together, the result is a ride even bumpier than the one that killed Gabrielle's lover."

I had a hard time piecing together a review for Liz Jensens The Rapture, an apocalyptic eco-thriller. Though I found the book hard to put down, I also found aspects of it irritating. The story centers around a therapist, Gabrielle, assigned to treat a young murderess, Bethany, and things begin to get interesting after the patient begins to have alarmingly detailed visions of natural disasters--all of which come true.

Then, as the woman starts to open the car door, he stops her with a swift movement. And suddenly they're struggling, locked into a graceless, desperate tussle. Book Review - The Rapture by Liz Jensen | BookPage

That the major twist at the end of *The Rapture* has more to do with Gabrielle and Frazer personally than with the doom of the modern world is fitting, since throughout the novel Jensen somehow manages to draw her readers into the idea that love and romance can exist in the midst of total devastation and destruction.

“Liz Jensen writes with crackling insight into the workings of the mind caught up in cataclysms within and without. In The Rapture she has created worlds torn apart and takes us close—too close—to faith caught in the storm. A devastating tale.”

Review: The Rapture by Liz Jensen - The Guardian

Jensen throws in everything from PR tricks ("the world's biggest-ever publicity stunt" -- in Greenland, of all places) to religious fervor, as well as too many

too artificially elegant twists (hmmm, wonder why Gabrielle throws up all the time as the end nears), culminating in a rapturous finale.

Bloomsbury - Liz Jensen - Liz Jensen

“If I have been at pains to speak of resistances rather than insuperable obstacles, it is because these challenges can be, and have been, overcome in many novels: Liz Jensen’s *Rapture* is a fine example of one such; another is Barbara Kingsolver’s wonderful novel *Flight Behavior*.
